

Data Extraction and Organization using MS Excel

Contact Name: Andrew Orkin, LLB BCL, Barrister & Solicitor

Company: Orkin Barristers

Location: Hamilton, Ontario, Canada

Company Website: www.orkinlaw.ca

Customer Testimonial:

"I located Paltech from their website. On the basis of their immediate and intelligent comprehension of my complex Excel data recovery and re-organization requirements over the phone; their stunning willingness to do the work I needed immediately and overnight; and their very fair price, I hired them immediately. They came through cheerfully, without sleeping, within budget, and delivered the results accurately and on time. They're *really* good at what they do."

Andrew Orkin, LLB BCL, Barrister & Solicitor

Customer Requirement:

Urgent data extraction, organization and recovery services in respect of three large Microsoft Excel files containing "mission critical" multi-year data

Our Solution:

Our programmers worked overnight to meet customer requirements within an extremely tight deadline
